

Switch to Choose Life License Plates Today

Surely you have seen the fabulous bright Choose Life license plates on Virginia roads since July 2009. Take five minutes today to switch to Choose Life plates online (credit card & vehicle registration needed).

Show your support for life and Pregnancy Centers by switching. More than 2000 Choose Life plates grace Virginia roads through March 2010. How many are from our parish? Join them, get yours and encourage all your friends to switch too!

Virginia Pregnancy Center locations that have officially committed to "Our Commitment of Care" standards receive \$15 of the \$25 annual specialty plate fees for new plates and renewal fees going forward. Help make Choose Life highly visible all over Virginia roads today and turn the parish parking lot yellow to show we care.

Go to <http://www.vachoose-life.org/> or Google "Choose Life Virginia" for more information and for the link to DMV to switch or just go to your local DMV office to switch.

Tell all your friends to switch to Choose Life Plates today!

Run a "Turn the Parking Lot Yellow" plate switching drive at your parish. Encourage everyone to take five minutes to switch online, only a credit card & vehicle registration card is needed. Offer to help those without computer savvy take five minutes to use a parish computer to switch; it's much easier than mailing the paper form available on the DMV Choose Life plate page.

Use the blurb above in your newsletters and on your website. Simply Google Choose Life Virginia for more information or to download a copy of the plate image or the current count of plates sold. Thank you for making a difference for Life in Virginia!
